

FIND FREEDOM

ENJOY LIFE

NOW I CAN...

When distributors embrace WIN's opportunity, limits for what they can achieve disappear. Through dedication and sheer desire of taking control of their destinies, many distributors are achieving their goals and dreaming about the future again. Here is what WIN distributors from all over the world are sharing about accomplishing physical, mental and financial wellness with WIN's opportunity:

“Now I can... pursue my passions. I spend my days doing what I enjoy – kite boarding, scuba diving and underwater photography, surfing, surf skiing, mountain biking – and not being dictated by anyone or anything. I can earn a residual income while having fun. I am no longer reliant on instructing new divers or kite boarders and worrying about how many start courses. I no longer need to exchange time for money because I merely utilize the time to build my business and increase a consumer base using good products.”

– Martin, *South Africa*

“Now I can... have time freedom. I can now enjoy more time to spend with my family without having to give up the income we're accustomed to.”

– Dr. Long, *United States*

“Now I can... enjoy the luxuries of life. Before WIN, I never thought I would own a Mercedes in my life. I have the opportunity to schedule my own time and have the freedom to do more things with my fantastic girlfriend, Monique, who lives on the other side of Holland! I have come to realize how much I like nice clothing. Not that I wore rags before, but now I look at more expensive brands and want to distinguish myself a bit with my clothing.”

– Wilfred, *Netherlands*

“Now I can... practice medicine the way I want to. I have cut back hours in my practice to have more time with my family and friends, which is so important to me. I only work four days a week now and am working to take another half day off.”

– Dr. Fredette-Huffman, *United States*

“Now I can... enjoy the opportunity to be financially independent.

Things have already improved so much for us just in our first year, and it has a lot to do with who we've been able to become. Before WIN, we were just kind of hanging on every day but now, we have a reason to be out in the community and find new things to do and new people to meet. WIN has just opened up a whole new world for us!”

– Marla, *United States*

“Now I can... take control of my life and future. WIN gives me the freedom of doing business outside of a time-structured business day, which is a wonderful experience. I look forward to the adventure of expanding my business.”

– Marion, *South Africa*

“Now I can... own my own business. My goal is to have a business that can insulate me from the uncertainties of today's roller-coaster economy and provide me with the kind of rewarding lifestyle I would never achieve by working the typical '9 to 5' job. I have been there, done that and it doesn't pay. This does.”

– Jo-Ann, *United States*

“Now I can... achieve goals I never thought possible. I enjoy and look forward to every new day because it will bring me closer to my dreams. Accepting WIN's opportunity has changed my life totally. Before WIN my world was small and my way of thinking was limited. Now my life is not narrowed to 20 miles around my hometown but has changed, and my vision is worldwide now. Because of WIN, my capacities are blooming. I have experienced more than 25 countries in the last 10 years, which would have never happened in any other profession.”

– Hans, *Netherlands*

“Now I can... travel more. My wife, Willy, is a very passionate golf player and together we love playing on several golf courses all over Europe. The family is traveling a lot now, from skiing in the winter to longer holidays in South Africa five to six times a year. This summer we are traveling through California, and we love that we can do this business everywhere.”

– Rob, *Netherlands*
